SENSATIONAL ARREST

Prominent Physician Arrested
For Grave Robbery.

HE CONFESSES HIMSELF GUILTY.

Locked Up in Jail Awaiting a Preliminary Examination—Gasoline Explosion Causes a Serious Fire—Fire in a Chair Factory. Hunter Shot—Man Almost Roasted Alive—Other Ohio State News.

CHILLICOTHE, O., Nov. 13.—Dr. P. K. Drummond, one of the most prominent physicians in the city and a figure in church and social circles, was arrested yesterday charged with securing the body of Carlton W. Kelley from the Friends' cemetery at Londonderry and disposing of it to a Columbus college.

Dr. Drummond confessed to his complicity in the crime and explained that he received a letter from the Ohio State university asking for material. Two medical students, whose names have not been divulged, brought a letter of introduction to Dr. Drummond and arrangements were made to get the body of Sam Jones, whose death was occasioned by drinking three bottles of the essence of peppermint. Kelley's body was secured by mistake.

The body was located in Columbus and returned to Chillicothe, information being given with the understanding that no names were to be disclosed. Dr. Drummond is in jail awaiting a preliminary hearing, and the city is shocked by the sensational developments.

Gasoline Explosion Causes a Fire.

FOSTORIA, O., Nov. 13.—An explosion of a quantity of gasoline in the basement of the Alcott building caused the entire destruction of that structure. It is one of the finest business blocks in the city. The ground floor was occupied by the Maberry shoe store, Vogel Brothers' tailoring store, Western Union Telegraph company and the Alcott Hardware company. The upper floors were occupied by the Pioneer club, the Odd Fellows and physicians' offices. The loss will reach \$50,000.

Fire in a Chair Factory.

MARIETTA, O., Nov. 13.—At 11 o'clock yesterday the chair factory, the biggest concern here, and employing 600 people, caught fire in the boiler rooms. The factory department and city force placed eight streams on the fire before extinguishing it. The factory has a splendid fire department of its own, with good equipment, and this fact alone saved it. The city hose was too short to reach the scene with more than three streams. Loss, \$1,500.

Crushed by His Horse.

CLARKSBURG, O., Nov. 13.—Frank Christian, a farmer, met with an accident while riding a horse on the brow of a hill. The animal lost its footing and rolled to the bottom, carrying its rider with him. Christian was picked up unconscious, and is in a serious condition. His body is covered with bruises and his chest crushed from the weight of the horse, which rolled over him several times.

Hunter Shot.

SABINA, O., Nov. 13.—Mr. Alfred Dun, residing south of town, was the victim of a painful accident yesterday while hunting. His companions fired at some birds which had been flushed and Mr. Dun received a number of shot in the face and body, which were imbedded too deep to be extracted. The accident is not necessarily fatal.

Almost Roasted Alive.

MARL CITY, O., Nov. 13.—Joseph Mullen, at the Buckeye Portland Cement works, while engaged in pushing some cars into one of the funnels of a kiln, was imprisoned by some cars crowding down behind him, and was almost roasted alive before he was rescued.

Butterworth Will Recover.

CLEVELAND, Nov. 13.—The condition of Patent Commissioner Butterworth continues to improve. Although he will not be out of danger for several days yet, his physicians believe that he will recover.

Farmer Assigns.

SARDINIA, O., Nov. 13.—Ephraim Martin, extensive farmer, stook and leaf tobacco dealer, filed a deed of assignment to Attorney J. C. Leggett yesterday. Liabilities, \$10,000; assets estimated at \$4,000.

Death From Hydrophobia.

KINSMAN, O., Nov. 13.—Charles Gillis, 13 years old, son of L. T. Gillis, of this place, died last night from hydrophobia. He was bitten by a dog in June last and was well until Monday of this week.

FITZSIMMONS NOT AN ELK.

The Lodge That Initiated Him Has Had Its Charter Taken Away.

HARRISBURG, Nov. 13.—Grand Exalted Ruler Meade D. Detwiler yesterday evening suspended the Marion (Ind.) lodge of Elks and forwarded the papers to District Deputy Armstrong of that state, authorizing him to secure the charter, paraphernalia and lodge effects. This action was due to the alleged violation of the laws of the order in the method of initiating Robert Fitzsimmons.

Mr. Detwiler declined to discuss the affair, merely stating that he had received the report of the district deputy for the state of Indiana in the matter of

Robt. Fitzsimmons' recent initiation by Marion Lodge No. 159, and that after a careful examination of the same, it clearly appears that the lodge not only willfully and flagrantly violated the long-established laws applicable to the admission of candidates into the order, but also the positive instructions of the district deputy notifying the officers of the lodge what the proposed initiation was contrary to law.

TRAINS HELD UP.

The Robbers Stopped the Wrong Train and Got Nothing For Their Trouble.

KANSAS CITY, Nov. 13.—The Missouri Pacific passenger train, known as the St. Louis fast mail, which leaves Kansas City at 9 p. m., was held up by five masked robbers at 9:30 o'clock last night, at the Chicago and Alton crossing, just east of Independence, Mo., and less than a mile from the famous Blue Out, in which three train robberies have occurred within the past year.

Two of the robbers were disguised as women, and when the engineer saw them swinging a lantern across the tracks, an apparent signal of danger, he did not hesitate to stop. The engine crew were immediately covered with revolvers. Conductor Dennis O'Brien and brakeman McMichael stepped out to see what was the matter and were greeted by a volley of bullets, which at once caused the greatest confusion in the passenger coaches. The conductor and brakeman were compelled to cut the express and baggage cars from the rest of the train, and the engineer and fireman were made to get down from their cab. The robbers quickly jumped aboard and took the engine and express car about two miles further east, where they stopped and compelled Express Messenger Williams to open his car. He offered no resistance, as he carried no treasure. The robbers had evidently intended to stop the St. Louis limited night express, which leaves Kansas City at a later hour, and were greatly surprised upon discovering that the cars which they had captured contained nothing of value.

In their rage they pounced upon the express messenger and went through his pockets, but \$2.85 was all that they secured. After this they quickly left the train and disappeared in the darkness. After a delay of nearly an hour the train was got together again and was started on its journey. The county marshal and his men were at the scene of the robbery very soon, but there is every probability that the robbers were safely in Independence or Kansas City before an organized effort was made to capture them.

BIG GAME PRESERVES SECURED.

Farmers Are Paid For the Privilege of Shooting Over Their Land.

JEFFERSONVILLE, Ind., Nov. 13.—When some of the hunters from this city and Louisville went out to the north end of this and the south end of Scott county on the first open day for quail shooting, they ran into something they had not bargained for. Indianapolis had been too swift, and a club of wealthy men from the capital had already pre-empted every available farm for the season's hunting, posted it and put the farmers to watching against trespassers. As a result a large delegation of those who had not made previous arrangements with country people for permission to hunt had their trip for nothing.

The Indianapolis men have adopted the style in vogue in many continental provinces in Europe. They have rented several thousand acres of land for the purpose of shooting over it, and give the owners from \$10 to \$40 a year for the privilege, provided that no one else may trespass and kill game. Last spring they stocked the reserve with many dozens of Arizona quail, and next spring, it is understood, they will introduce the Mongolian pheasant. The farmers like the arrangement, and it is likely that before another year many sections of southern Indiana will be leased to hunters in this way.

NORTHERN ILLINOIS MINERS.

They Decide to Resume the Strike, Contending For the Gross Weight Scale.

BRAIDWOOD, Ills., Nov. 13.—The miners massmeeting at Coal City voted unanimously to resume the strike throughout the Wilmington-Braidwood district. The decision affects the mines at Carbon Hill, Diamond and Coal City, and postpones pending settlement in other towns, except where the full scale is paid.

The miners at several mines have not ratified the action of the meeting, but everything indicates a general suspension pending an effort to secure arbitration of all existing differences in accordance with the action of the Streator convention.

The miners will contend for the gross weight scale as adopted at Springfield. They will ignore the propositions offered by the operators based on a screen scale. It is the purpose to abolish the whole system as speedily as possible even at a sacrifice in the price per ton if necessary.

Accidentally Shot While Hunting.

ANDERSON, Ind., Nov. 13.—Samuel Hughes, prominent in Alexandria, and in county politics, accompanied Dr. Cullen's hunting party, and a telegram received from Weiner, Ark., reports him badly wounded by an accidental discharge of his gun. His family and a physician were summoned to meet him at St. Louis.

FRANKFORT, Ind., Nov. 13.—The saw-mill plant owned by J. O. Finch was destroyed by fire yesterday. Loss, \$4,500, with \$1,000 in the Phoenix of New York. A Vandalia freight car on a sidetrack, loaded with walnut butts for H. A. Langton of Terre Haute, also burned. Loss, \$1,500.

FILIBUSTERS LANDED

Dauntless Successful With Two Expeditions.

LOADED FROM THE SILVER HEEL

Carrying Out a Plan to Seize a Spanish War Vessel—Minister Woodford Says the United States Is Satisfied With Spain's Present Policy—Weyler Has More to Answer For.

JACKSONVILLE, Fla., Nov. 13.—The tug Dauntless arrived off the St. John's bar Wednesday night and proceeded to Fernandez yesterday morning. Before leaving the bar Colonel Nunez, the Cuban patriot leader, who embarked on the schooner Silver Heels expedition, and Captain John O'Brien, the famous filibuster, were put ashore from the Dauntless.

Captain O'Brien now reports that the Dauntless connected with Silver Heels about Oct. 24 off the Florida keys, and again about Nov. 1. Both times large quantities of munitions of war were transferred and safely landed on the coast of Cuba.

Dr. Juan Castillo and Captain Charles Silva were landed in Cuba, and will remain until the war is over. Their intention is, as was reported, to organize a Cuban force to seize a Spanish warship and defend the first port captured by the Cubans.

WATCHING WEYLER.

Here Is Another Thing He Will Have to Answer For.

NEW YORK, Nov. 13.—A dispatch to The Herald from Madrid says: Surprise was caused here by the notices received regarding General Weyler's conduct at Gibara, Cuba, where the steamer had to put in for repairs. It seems that he landed and a manifestation was held in his honor, which was said to have been got up on board. The road was patrolled by troops and the same honors were paid to General Weyler as though he were still captain general. He visited the club and the same inflammatory speeches passed as at Havana.

On Sunday last a man was arrested in Xeres for enlisting people in the Carlist cause. The matter has been carefully hushed up and has only just found its way into the Xeres papers.

WE ARE SATISFIED.

So Member Woodford Has Informed One of the Spanish Ministers.

MADRID, Nov. 13.—Minister Woodford had a cordial interview yesterday with Senor Moret, minister of the colonies, and it is believed that he assured Senor Moret that the United States government is satisfied with the measures taken thus far by Marshal Blanco.

The government has received, for the queen regent, the cabled request of the Union constitutional party in Cuba that her majesty would decline to sign the decrees establishing autonomy in the island, but the request will be ignored; and the action of the party is regarded as unimportant if the government decides to carry out its program loyally and sincerely.

Nothing but Independence.

LONDON, Nov. 13.—A dispatch to The Daily Chronicle from Havana summarizes statements by Generals Maximo Gomez, Aranguren, Arango and the late Adolfo Castillo, all opposing the acceptance of anything short of independence and declaring that autonomy would not be worth the paper it is written on. The same correspondent confirms the report that General Castillo was betrayed by a false friend to the Spaniards, who sent a portion of the civil guard to lie in wait for him and shoot him as he was leaving the supposed friend's house.

Amnesty For Competitor Prisoners.

HAVANA, Nov. 13.—Dispatches received here from Madrid confirm the previous reports to the effect that the prisoners captured on board the American schooner Competitor, in April, 1896, will be included in the general amnesty decree soon to be issued. The second trial by courtmartial of the Competitor's crew was to have begun on Monday last, but was postponed on account of the sickness of the president of the court.

Carlists Arms Seized.

BARCELONA, Spain, Nov. 13.—The police have seized 300 rifles intended for the Carlists. These were found on board the ship St. Philippe, which took shelter here under stress of weather. The vessel came from Antwerp and on the coast of Valencia.

KNOXVILLE, Tenn., Nov. 13.—An early morning fire at Mouse Creek destroyed the stores of John Brock and Blair & Ferris, the tannery of Samuel Blair and seven dwellings. The conflagration was of incendiary origin and every effort will be made to capture the firebug. The loss is estimated at \$14,000. The families rendered homeless by the fire are being cared for by neighbors.

Another Steamer From Alaska.

VICTORIA, B. C., Nov. 13.—The steamer Farrallon has arrived from Skagway and Dyea with 60 returning prospectors and several officers of the customs and police returning from Lake Tagish. She brings the news that a horse tramway is being built at Skagway, and that works are being established and an undenominational church erected.

REVIEW OF TRADE.
R. G. Dun & Company's Report on the Condition of Business.

NEW YORK, Nov. 13.—R. G. Dun & Company's weekly review of trade says: Colder and more stormy weather, so long needed to accelerate distribution of winter goods, has materially helped in some quarters, and the resulting improvement in retail trade is mentioned in nearly every northern dispatch this week, so that orders to fill stocks have been encouraging, and in some branches the multitude of demands for immediate delivery, show that the distribution to consumers has already gone much beyond the expectation of dealers. But this is not yet the general rule, and with complaints of delayed trade from other quarters, there still remains the extensive shrinkage caused by fever and quarantines at the south. It is, therefore the more surprising in that the volume of all payments through clearing-houses continues about as large as in 1892, and 16.7 per cent. larger than last year. Railroad earnings also nearly equal those of 1892 for the first week of November and half the mileage in the United States shows earnings in October of \$50,354,496, or 8 per cent. larger than last year, and 2.2 per cent. larger than 1892. Speculative markets feel disappointment because prices do not rise farther and faster, but it is fortunate for producers and dealers that the experience of some past years in that respect has not been repeated. There is nothing to cause general reaction, the purchasing power of the people is gradually increasing and after the lull which follows extensive replenishment of stocks, trade should give ample evidence of that increase.

The output of iron furnaces Nov. 1 was 213,169 tons weekly, against 200,129 Oct. 1, a gain of 6.1 per cent, and unsold stocks decreased 48,690 tons in October, indicating a larger consumption in manufactures than ever before, even when the output of pig was pushed by swiftly advancing prices to the highest point, 217,682 tons, Nov. 1, 1895. Prices of iron products rose that year 55.3 per cent, but are now not 4 per cent. higher than June 9. The enormous output, with some more furnaces started in November, causes but a slight decline in Bessemer pig to \$10.25 at Pittsburgh, with no decline in other pig there, at the east, or Chicago, and no fall in prices of finished products, except a shade in angles. While most works have orders for the rest of the year, and in sheets and some other branches are far behind in deliveries, new orders are few, but include one for 2,000 cars at Chicago and one for 400 at Pittsburgh, one for an armored ship at Chester, many for small buildings and for St. Vincent's hospital and three school houses here, many for bridges, with some for the drainage canal at Chicago, a lively demand for hoops, and a large export business, with a quantity of bars for Asia.

Woolen mills generally have orders for three months ahead, and are not seeking further engagements. Large sales of speculative lots of wool at prices not stated suggest that it may be lower before the mills need further orders. A year ago the price began to mount, with heavy speculation, and has risen 59 per cent, without reaction in quotations, while the rise in goods averages but 14 per cent.

The decline in cotton and the slow demand for goods, owing in part to warm weather, have led cotton mills to confer about curtailment of production, and further reductions have been made in brown sheetings and drills, prints and by jobbers in bleached goods. Cotton declined an eighth to 5.87 cents for middling uplands, and both exports and takings of spinners have been large.

Wheat dropped over 2 cents, but has not since risen as much with heavy buying for export. Western receipts continue heavy in two weeks 14,028,907 bushels, against 10,581,192 last year, while Atlantic exports, flour included, have been 5,583,025 bushels, against 3,921,251 last year. An English authority reckons the world's yield at 101,000,000 bushels less than last year, which would mean a market for all this country has to spare.

Corn exports are again larger than last year and the price has risen 15-8 cents. Later prices of meats do not indicate that farmers have as yet much inducement to save corn for feeding.

Failures for the week have been 291 in the United States, against 276 last year, and 24 in Canada, against 46 last year.

Guests Forced to Hustle.

KANKAKEE, Ills., Nov. 13.—The River-view hotel burned yesterday. The fire originated in the basement. The loss is \$85,000; insurance, \$20,000. The hotel was built by the Illinois Central railway and Emory Cobb of Kankakee in 1885 and was a wooden structure. The interior of the building was Georgia pine. The structure burned in 30 minutes. Robert Goodwin and C. W. Best saved themselves by jumping from a third story window. Goodwin was badly bruised. Best received a broken leg. Forty guests barely escaped with their lives. The guests lost most of their clothing and valuables.

Found Corpses in a Well.

ROME, Nov. 13.—The existence of a powerful gang of criminals, murderers and thieves, has been revealed by the discovery of three corpses in a well at Aravella, near Palermo. It is believed that the gang numbers 100; and over 40 crimes are attributed to its members.

Said to Be an Ohio Man.

VICTORIA, B. C., Nov. 13.—W. J. Wilson, said to be an ex-member of the Ohio legislature, was yesterday sentenced to nine months' imprisonment for forging a check for \$10 and stealing a typewriter, which he pawned to redeem the check.

SOVEREIGN DROPPED.

New Head to the Order of the Knights of Labor.

OTHER OFFICERS ALSO ELECTED.

Their Time of Office Had Not Expired, but They Wished to Retire—Henry A. Hicks of New York Elected General Master Workman—Names of the Other Officers Selected by the General Assembly.

LOUISVILLE, Nov. 13.—James R. Sovereign, who has been general master workman of the Knights of Labor for the past four years or more, and who during that time has been one of the ablest champions of the order and its doctrines, was yesterday afternoon relieved of his office by the general assembly, which has been in session in this city since Monday last. Under ordinary conditions Mr. Sovereign's term of office would not expire until the next meeting. This, however, it is said, makes no difference with the order, whose general officers during a meeting are always in the hands of the assembly and can be chosen and deposed at the will of the majority. Along with Mr. Sovereign, there were three other officers retired because of their special election, viz.: T. B. McGuire, general worthy foreman, of Amsterdam, N. Y., and Daniel Brown of Montana, and H. B. Martin of Minnesota, members of the executive committee.

Henry A. Hicks of New York, District 253, New York city, was chosen to fill Mr. Sovereign's place, and I. D. Chamberlain of Pueblo, Colo., was selected as general worthy foreman. Sarsfield Fitzpatrick of Montreal and Henry Bostock of Assembly 300, glass workers, were chosen as the two members of the executive board, the third member being Andrew D. Best.

This very decided change in the corps of general officers of the Knights of Labor will cause considerable astonishment in labor circles throughout the country. Save to those who were on the "inside," so to speak, for the past three months, there was absolutely nothing of this known. It is said, though the change was sudden and totally unlooked for, it was done with the amicable consent of all. In some quarters it is hinted that it had been prearranged before the delegates gathered in this city for the general assembly. On good authority it is learned that it was with Mr. Sovereign's most hearty approval that he stepped down and out. It is likewise with the appreciation, and in fact love of his brethren of the order, that this is done. The same holds good with the other officers who were relieved. Mr. Sovereign stated last night that he wished retirement. He wanted rest from the labor which the office entailed upon him.

Henry A. Hicks, the general master workman-elect, was seen after the meeting. He said that he did not intend to outline the future policy of the order under his administration for several days yet. He expressed the highest admiration for his predecessor, saying that he thought him one of the greatest exponents of the age of the prime idea represented by the Knights of Labor.

I. D. Chamberlain, the worthy foreman-elect, is a newspaper man.

All the business transacted at yesterday's meeting, went through in the most amicable manner possible. There was not the slightest hitch and perfect brotherhood prevailed. In the morning session, the remnant of the routine business which had been left over, was disposed. The afternoon session was principally taken up with the delivery of Mr. Sovereign's annual address, which was listened to by the delegates with the greatest interest and greeted with enthusiasm.

After the annual address, the change in officers took place. The old officers were relieved and the new ones elected and installed.

Mr. Sovereign's name was the first one mentioned in nomination, but he immediately arose and said he would not accept.

No one opposed Mr. Hicks. The other officers were also chosen with as much ease.

The assembly was then declared to be formally organized.

ANNEXATION OF HAWAII.

The Administration Is Satisfied That the Bill Will Be Passed.

WASHINGTON, Nov. 13.—Ratification of the Hawaiian annexation treaty by the United States senate is assured. The administration has made a poll of that body and President McKinley is satisfied that more than two-thirds of the senators will vote for ratification. The treaty is in excellent shape for prompt action. It was fully considered by the senate committee on foreign relations, reported to the senate and placed on the calendar with practically the unanimous endorsement of the committee.

It is the purpose of Chairman Davis, in the first executive session, to ask that a day be set for taking up the treaty and that its consideration be continued until disposed of, believing its ratification can be reached before adjournment for the holidays.

In his message to congress the president will set the ball in motion by presenting as strongly as possible the arguments for annexation.

The most potent opposition will come from sugar interests. Pacific coast influence is divided and while most of the senators from that section are in favor of the treaty, Senator White of California is expected to lead the opposition to it in the senate.

THE Hanna legislative candidates in Ohio ran behind their ticket something like 65,000. The revolt against the "labor crusher" is growing and the indications point to his retirement to private life.

SINCE the late Democratic landslide in Kentucky, the Hunter-Deboe crowd of Republicans are going after all the Federal plums in sight. They seem to realize that "the jig's up" with them in this State.

BOSS QUAY is scared up. The combined vote of the Democrats, Prohibitionists and Independents in Pennsylvania is 10,000 greater than that of the Republicans. The discovery of this fact has caused alarm in Republican circles and was the occasion of a meeting of Quay and the other Republican bosses of the State at Philadelphia. The handwriting is on the wall. This has been a bad year for the bosses, and next year will no doubt be still worse.

HERE are some interesting figures on the result of the late election in Kentucky: The vote for Shackelford is 186,152; the vote for Bailey is 168,825; Hindman's vote is 9,159; Parker, 6,574; Wallace, 1,470. Shackelford's vote is about 20,000 more than Hardin's. Bailey's vote is only 7,000 less than Bradley's. The scattering vote in 1897 is about the same as the scattering vote of 1895. The vote, instead of being small, is the largest vote ever cast in a State election, and larger than any vote ever cast save in 1897. Shackelford has a larger vote than any State officer ever received, and larger than any Presidential candidate ever received until 1896.

CHANDLER'S WARNING.

Adoption of Single Gold Standard Means Silver Victory, He Says, and Bryan in 1900.

WASHINGTON, Nov. 10.—A lengthy statement is published here to-day by Senator Chandler, of New Hampshire, in which he warns, in vigorous language, the Republican leaders not to declare for the single gold standard.

He insists that the party is committed by the St. Louis platform to bimetalism, and predicts that if the gold advocates are permitted to have full sway free silver will sweep the country next year and again in 1900, and that "President Bryan" will sign a free-coinage act in 1901.

Chandler's assertions caused widespread comment here to-day. It is understood that he will take an active part in opposing the Administration policy if it should be in the direction of gold monometallism.

Y. M. C. A.

The November week of prayer for young men which begins to-morrow, will be observed quite generally by Young Men's Christian Associations throughout the world. Feeling sure that it would prove helpful to the members and other young men of the city, the local association committee have carefully planned a series of special meetings to be held in the rooms during the week of prayer, as follows: On Sunday morning at 8:30 o'clock President Lane will conduct a short preparatory service of prayer and consecration, to which all Christian men are invited. In the afternoon, at 3 o'clock, instead of the usual meeting for men only, a public service will be held in the association parlors, "Loyalty to the Association" being the general theme for consideration. Mr. James B. Wood will have charge and several young men will give brief talks on the world-wide work of the Y. M. C. A. An offering for the international work, as carried on by the Y. M. C. A. International Committee, is to be received. Special music and hearty singing. Every member ought to be present, and all other interested friends, both ladies and gentlemen, are cordially invited.

CONSTABLE DAWSON went to Manchester Friday after Ephraim Watters wanted here on a charge of breaking into Ross Miller's barber shop. Watter's lawyer had had him discharged under a writ of habeas corpus, but Mr. Dawson re-arrested him and jailed him at West Union to await a requisition.

Household Gods.

The ancient Greeks believed that the Penates were the gods who attended to the welfare and prosperity of the family. They were worshipped at household gods in every home. The household god of to-day is Dr. King's New Discovery. For consumption, coughs, colds and for all affections of throat, chest and lungs it is invaluable. It has been tried for a quarter of a century and is guaranteed to cure, or money returned. No household should be without this good angel. It is pleasant to take and a safe and sure remedy for old and young. Free trial bottles at J. J. Wood's drug store. Regular size 50c. and \$1.00.

NEW ELECTION LAW.

Party Devices May Be Abolished By the Next Legislature—An Important Change Suggested.

FRANKFORT, KY., November 11.—From the talk that is heard here among Democratic politicians from different parts of the State the subject of changes in the election law is likely to engage the serious attention of the coming Legislature. A group of politicians was discussing the need of this character of legislation to-day and it was stated that a bill will be introduced in the House early in the session which, if passed, will have an important effect upon the future political complexion of the State. The measure, it is understood, is to be modeled somewhat after the Massachusetts law, and will provide for doing away with party emblems or devices on the ballot, and will require the voter to mark the name of the candidate for whom he desires to vote. This would be practically an educational qualification for suffrage, and of course the Republican minority will be solidly opposed to it, because of the fact that a majority of that party is densely illiterate; but if the measure should pass it would probably become a law, even over the veto of the Governor, as the Democratic majority in both branches of the Legislature is overwhelming. Those who favor it say that in addition to the incentive it would give to popular education, the law would exercise a most healthy influence over political affairs and over the moral atmosphere of the State by relieving elections of a big part of the "floater" element.

A DAY OF RECKONING.

Stinging Rebuke Administered to Dingleyism and Hannaism.

[New York Herald.]

Now that the popular excitement has subsided and the smoke of battle cleared away a dispassionate survey of the late elections may be taken. This shows that throughout the country the results present no more timely or emphatic lesson than that a day of reckoning must come at the polls when the will of the people has been defied by the party in power or by political bosses.

The Herald warned Mr. McKinley and the Republican managers of this when they misread the popular verdict of last November as a victory for protection and hastened to call an extra session of Congress to reopen the ruinous tariff agitation and force the Dingley bill upon the country. But, blind or indifferent to the true temper of the people, they persisted in their folly, and the result, just as the Herald foresaw and every intelligent observer must have expected, is now apparent in a Democratic landslide which has entirely swept away or greatly reduced the enormous Republican majorities of last year in every Republican stronghold throughout the country. Even Ohio, the home of the President, joined in the general condemnation of Dingleyism and administered a stinging rebuke to Hannaism by choosing a Legislature which leaves in doubt the return of Mr. McKinley's favorite to the Senate.

Dr. M. C. WILSON, who shot himself at Newport, was thought to be dying last evening.

GREATLY to the gratification of every one, Rev. J. C. Molloy, of Owensboro, will be enabled to keep his engagement here to conduct the services at the Central Presbyterian Church to-morrow at 10:30 a. m. and 7 p. m. A very cordial invitation extended to all to attend these services.

THE Alf. Donnan Big Show claims to be the most meritorious vaudeville organization that has visited this city in a long time. Unlike some of the vaudeville shows of to-day, the management claims to have gotten together a company of high-class entertainers each of whom is capable of holding his or her audience from the moment of their appearance on the stage. It is this method that has made so popular the vaudeville theatres, and the entertainment to be given next Tuesday night at the Washington Opera House will more nearly resemble the continuous performance of such theaters than any other that has been given in this city.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1.00 per bottle at J. CHRISTIAN Church, S. D. Dutcher pastor. Sunday school at 9:30 a. m. Preaching at 10:30 a. m. and 7 p. m. Morning subject, "Supremacy of the Church of Christ." Christian Endeavor at 6:15 p. m.

THE Women's Missionary Society of the First Presbyterian Church will hold an adjourned meeting in the rooms of Mrs. John S. Hays, east wing, Hayswood, on Tuesday, November 16th, at 3 o'clock p. m.

J. H. ROGERS & Co. are now bottling the Limestone whisky under Government supervision. Each bottle is sealed with Government stamp, guaranteeing age and purity. Those wishing a pure article for medicinal or other purposes should call for it.

DON'T fail to visit Murphy, the jeweler, before buying your wedding presents. He is showing the finest line of goods ever shown here in sterling silver forks, spoons and ladles of all kinds. His prices are without question the lowest in the city. See his goods before buying.

SERVICES in the First Presbyterian Church to-morrow morning and night at the usual hours. Church Sabbath school at 9:30 a. m. Mission Sabbath school in the German Church at 2:30 p. m. Westminster Society of Christian Endeavor at 6:15 p. m. The public are cordially invited to attend all these services.

THE pastor and members of the First Baptist Church are rejoicing over the fact that the church is now out of debt for the first time in very many years. This applies not only to the building but to current expenses. Some bonds, it is true, are still outstanding but the money is in the treasury to pay them off as soon as presented.

ITAKE great pleasure in recommending to the favorable notice of the public the Maysville House Moving and Construction Company. Captain Logan Cook and Jesse Edgington compose the company. I have had experience with them. They raised, moved and repaired a house for me, a difficult job, and did it to my entire satisfaction, proving themselves to be faithful and skillful workmen. This is a new Maysville enterprise and should be encouraged. I thus publicly thank the company for their work for me.

J. ALBERT HILL.

Maysville, Ky., Nov. 11, 1897.

MUSIC and mirth will fairly run riot next Tuesday night at the Washington Opera House when the Alf. Donnan's Big Show will give a high class vaudeville performance. Vaudeville is in vogue now more than ever. The fashion was set in the big cities, and the craze has extended all over the country, until it is now "quite the thing." There is no form of amusement that affords a tired brain or over-worked body more relaxation than does a clean vaudeville performance. There is no heavy villain to watch, no relentless father to excite your ire, or wronged and weeping daughter to plead in heart-broken tones for your sympathies. There is wholesome and unadulterated fun in measure up to the top and running over in your vaudeville performance of to-day, and under its influence even the gon, for the time being, is forgotten.

The Initial in the Corner

is a mark of ownership which saves many a handkerchief. We call attention to our tasteful assortment of Initial Handkerchiefs for men, women, children. Children sizes, 5c., 12c., women's from 15c. to 75c., all linen; Men's, 25c., 50c. Dull days and fair, the handkerchief selling goes on—the lots that are here being irresistibly interesting. Our 5c. Handkerchief for children can't be excelled in quality and sightliness.

AN UPHOLSTERY HINT.—Autumn selling of Lace Curtains has been especially brisk. Usual result: odd pairs and two pairs of a pattern are left here and there, and the oddments are choicest patterns, else their fellows would not have been soonest sold—just such curtains as are tastefully best in the average home. Price clipped, though the goods are fresh and perfect. Nottingham Curtains \$1.25 instead of \$2 a pair and \$1.75 instead of \$2.50. Renaissance Curtains \$2.75 instead of \$3.75 and \$3.75 instead of \$5.00.

DRESS TRIMMINGS.—We have sold double the amount of former seasons. Why? Because we never carried such a complete stock. Many styles and many colors. Velvets, silky buttons, wide and narrow braids, jet and fancy Chiffons. Get your dress-trimmings of us and get suited, both as regards quality and price.

SOFA PILLOWS.—You'd never guess how we manage to sell these beautiful silk, gold-embroidered Pillow Covers at 50c. It isn't the cover's fault. The man who isn't making money on them is glad the lot is small. You'll be sorry.

FOR SATURDAY NIGHT.—Tycoon Flannelette in the pretty colorings you want for wrappers or children's wear or Men's outing shirts or pajamas. The Tycoon washes and wears in that comforting way that pays for the trouble of making it up. It's worthy the home-done sewing, too, and comes in prettily printed patterns. 10c. it has been and will be. For Saturday night only the price is cut to 6c. Plenty for everyone—no quantity limit. We regretted the gingham had to be limited, but when first comers want 25 and 30 yards we were forced to call a halt, so that no one would be disappointed. We thought we had provided for every zingham need of Maysville with 2,000 yards, but our thronged counters soon convinced us our reckoning was short. Hence the five yard limit.

D. HUNT & SON.

THE VANCEBURG MURDERER.

Halbert's Friends Will Try to Prove the Crime Was Committed by a Tramp.

[Portsmouth Tribune.]

A letter received Wednesday by Landlord Jack Cropper of the Junction Hotel, from W. C. Halbert, Prosecuting Attorney of Lewis County, gives out the fact that an endeavor is to be made to clear H. D. Halbert of the murder of Captain Hoobler and place the crime on the shoulders of an unknown tramp.

The letter asks Mr. Cropper for all information he can give concerning the man who stopped with him on the night of the murder, and is supposed to have been Halbert. The letter affirms that Halbert was at home at the time the murder was committed and that it is the belief of the family that the deed was done by a tramp in the town that day, who, in many respects, resembled Halbert closely and who disappeared from the town very shortly after the murder was committed.

Halbert beyond doubt acted with great coolness on the night of the murder. He was at home at least very shortly after its occurrence, if not at the time. He said good by to his wife and mother and wrote farewell letters to absent members of his family. He also left a letter for his wife, saying that he was going away never to return, but would send for her.

If Halbert is innocent, why did he proceed to make himself so very scarce about Vanceburg as soon as the heinous crime was committed? And why doesn't he come forward and surrender himself? Probably he's waiting until the burns caused by the acids that fell on his hand have had time to heal. It is more probable, however, that he will never go back to Vanceburg if he can prevent it in any way at all.

Of Interest to Circuit Clerks.

FRANKFORT, Ky., Nov. 12.—The Court of Appeals affirmed the lower court in the case of Bright, Circuit Clerk, against State Auditor. The affirmed lower court held that the Auditor was right in refusing to pay \$5 fees in felony cases to the Circuit Clerks, whose terms are just now expiring, and who were elected before the \$5 fee law went into effect. Many fees had been paid before Auditor Stone made this point, and Attorney General Taylor thinks the Circuit Clerks will have to pay these back to the State.

We
Knew We
Had a Good Thing

In the stock of fine Clothing we recently bought by electric light. There is so much clap-trap Clothing advertising in vogue at present that we refrained from saying too much about this purchase. We simply called your attention to it and said look in our window display, see the goods and note the CASH price on them. We knew we would sell some of them; the continued warm weather left a doubt as to selling a great many now. The doubt is dispelled. Since the day we opened this purchase and made our window display our store has been crowded with customers anxious to secure these unheard-of bargains.

We advise our friends who contemplate buying a Fall or Winter Suit and Overcoat not to let this opportunity slip. It is only one in a long time where circumstances arise that enable merchants to secure

KENTUCKY CROP OUTLOOK.

Acreage Sown in Wheat Not Up To That of '96, and Condition Poor—Hogs and Cattle—The Drouth.

State Commissioner of Agriculture Moore's report for November is made up of replies received from 116 correspondents from 82 counties.

Wheat.—The acreage seeded to wheat up to November 1st, as compared to acreage of 1890, is 90 per cent. Remarks of correspondents indicate that the present acreage will be increased should the season permit of fall plowing during November. Figures on the number of acres for this reason are withheld until next month. The condition of the crop as compared with average years is 62. On November 1st, 1896, the condition was 96. It is estimated that 16 per cent. of the crop will have to be resown. Only a small proportion of the crop is above ground and in some cases it is coming up in spots here and there through the fields. No complaint is made of damage from insects save in Christian County, where two correspondents report worms doing great damage.

Hogs.—The condition of hogs being fattened for market compared with average years is 87. The dry weather has been very unfavorable for feeding, and the best results have not been secured. Cholera is not prevailing to any great extent; 35 correspondents report cholera, while 80 correspondents report none.

Cattle.—The condition of cattle is 86. Pastures failed in some sections as early as September 1st, and since that time the condition has steadily fallen off. Feeding has been necessary during the entire month and many farmers put their herds on the market for what they would bring rather than contend with the many difficulties in the way of a supply of water and the long feeding season intervening between now and spring grazing. The supply of cattle for this reason very low.

Horses and Mules.—The condition of horses averages 87. The price of young horses and mules has been greatly affected by the increased cost of carrying through the winter and the demand that had sprung up for this class of stock as well as the improvement in price has disappeared.

Sheep.—Sheep show a condition of 90 and have withstood the trying conditions probably better than any class of stock.

The Drouth.—The drouth, which ended with the rain on the night of October 31, was, in extent of duration, one of the severest on record. Its effect on crops, however, was mitigated by the fact that it did not set in until crops were saved or advanced to a stage where serious injury was impossible.

TARDY JUSTICE.

Durant Back in His Old Cell For Three Months Longer.

SAN FRANCISCO, Nov. 13.—In view of the fact that the supreme court, which is now in session at Sacramento, will adjourn on Tuesday next until the second Monday in January, it is considered improbable that W. H. T. Durant, the condemned murderer of Blanche Lamont and Minnie Williams, will expiate the crime, for which he was sentenced to be hanged in December, 1895, during the current year. In the ordinary course of events, the matter can not come up for hearing upon the points involved in the order granting the certificates of probable cause, to which Durant owes his second lease of life, until the middle of January.

After the case has been decided, another 30 days at least must intervene before the remittor from the supreme court can reach the trial court and the condemned man be resentenced for the second time. This course would not allow the execution to take place before the latter part of February or the beginning of March next. It is possible that the attorney general may apply to the supreme court to advance the case, but this action is unlikely. Meantime, Durant has been removed from the condemned cell and returned to his old cell, No. 21 in murderers' row, at San Quentin.

Albert Voiers Hanged.

FAYETTEVILLE, W. Va., Nov. 13.—Albert Voiers was hanged here yesterday in the presence of over 10,000 people. When the death-warrant was read he broke down, but finally rallied, so there were no unusual incidents on the scaffold. Voiers was the last of the Lewis gang of murderers and thieves, and was hanged for the murder of Charles Gibson at Montgomery, April 22, 1896. The murder of Gibson was for robbery, as well as on account of jealousy.

New Jury to Try Thorn.

LONG ISLAND CITY, N. Y., Nov. 13.—There will be another trial in the Thorn case. The remaining 11 jurors have been discharged and a new panel will be called. The new trial will begin a week from Monday. The testimony must be heard all over again. This decision was reached after District Attorney Youngs declared that he would not accept a proposition made by Lawyer Howe to draw an additional juror and continue with the trial.

Death of Distinguished Painter.

LONDON, Nov. 13.—John Bagnold Burgess, member of the Royal Academy, and a distinguished painter, died yesterday in the 68th year. Mr. Burgess was born Oct. 21, 1830, at Chelsea, and received his artistic education at the Royal Academy, of which he was elected an associate on June 18, 1877, and made R. A. in 1889.

FAST DISAPPEARING.

But Three New Cases and One Death From Yellow Fever in New Orleans.

NEW ORLEANS, Nov. 13.—There has been a big falling off in new cases and deaths from yellow fever. During the past 24 hours there was only one death and three new cases, as follows:

Death—W. C. Ryerson.
New cases—Joseph Traverser, Bettie Smith and Albert Forrean.

The following is the last daily official bulletin that will be issued this season by the board of health concerning the status of affairs in New Orleans as regards yellow fever:

New cases of yellow fever, 3; deaths, 1; total cases of yellow fever to date, 1,750; total deaths from yellow fever to date, 259; cases absolutely recovered, 1,110; total cases under treatment, 431.

Another Clear Report.

MONTGOMERY, Ala., Nov. 13.—There was another clear report from the board of health. Quarantine has been raised against all infected points as to persons and freight, but personal baggage must have a certificate from the marine hospital service as to fumigation.

One Death in Mobile.

MOBILE, Nov. 13.—During the past 24 hours there was only one death from yellow fever here, that of Mrs. E. C. Beasley, and three new cases, as follows: Frank Zahatza, Walter C. Urquhart and S. W. Frederick.

CHARGE OF FORGERY.

A Young Bridegroom Under Arrest at Fort Wayne.

FORT WAYNE, Nov. 13.—Edward J. Price, the son of a well known traveling salesman, quit quite a swath at the Wayne hotel for three weeks. Last Thursday he eloped to Chicago with Clara Greenwald, daughter of Dr. Marquis Greenwald, of the North Side, and they were married.

Before his departure Landlord McKinnie cashed a 75-dollar check for him, drawn on the Pennsylvania National bank of Reading, Pa., and purporting to be signed by A. L. Huntsburg. Thursday the check was returned, marked a forgery. Sheriff Melching found Price and his bride in Toledo, and Price was arrested and brought here yesterday morning. His young wife is almost distracted over the affair.

House Completely Demolished.

MIDDLETOWN, Ind., Nov. 13.—The home of Miles Stanley, two miles east of this city, was completely destroyed by a natural gas explosion late yesterday afternoon. There was a leak in the mains near the house, and the high winds blew the gas into the house, and this was ignited by a blaze in the heating stove. There was no one in the house at the time, and, consequently, no one was injured.

Mysterious Explosion.

ELWOOD, Ind., Nov. 13.—During the last two nights citizens here have been disturbed by strange explosions which seemed to occur south of the city. An investigation was made without results. There are those here who believe that the explosions were far underground and were caused by gas and oil.

Bolivia Wiped Out of Existence.

NEW YORK, Nov. 13.—A dispatch to The Herald from Valparaiso, Chili, says: A plan for a drebund of Chili, Peru and Argentina is in existence, which, if adopted by the three governments, will wipe Bolivia off the South American map; Chili, Peru and Argentina dividing her territory.

Poisoned Herself Through Mistake.

COLUMBUS, Ind., Nov. 13.—Mrs. Kate Margaret Jones, proprietor of a restaurant here, took a teaspoonful of carbolic acid through mistake yesterday and died almost instantly. She had arranged to leave here today to spend the winter with her daughter, Mrs. Anna Schuman, at Brooklyn, N. Y.

Fifteen Corpses Recovered.

MADRID, Nov. 13.—Further details regarding the floods in various parts of Spain, notably in the provinces of Saragosa, Valencia and Malaga, where railroad traffic and telegraphic communication have been seriously interfered with, show that 15 corpses have already been recovered.

Differences Unadjusted.

WASHINGTON, Ind., Nov. 13.—As yet the trouble between Cabel & Company and their miners has not been submitted to arbitration, although the labor commissioners are working to bring about a settlement.

Indications.

Fair; warmer weather; brisk northwesterly winds, becoming variable.

There is no complaint of dry weather in this section now.

The literary society met at H. M. Warder's Friday evening.

W. R. Forman went to Cincinnati Tuesday afternoon on business.

Mrs. H. M. Warder is visiting Mrs. James Claybrook, of near Washington.

Mrs. Belle Wells has some sweet peas which have been in constant bloom since last May.

The entertainment given by the Oddfellows Saturday night was a success. They cleared over \$25.

Mrs. Sallie Humphreys returned home this week after visiting friends at Washington and in Ripley.

Dr. Samuel Brough was called to Cincinnati Wednesday to the bedside of his sister, who is very ill.

Miss Lucy Masterson returned to her home near Flemingsburg Saturday after a pleasant visit with her sister.

Loose clothes and downy cushions bring only a negative sort of comfort to the woman who is suffering with some disease or derangement of the organs distinctly feminine. Some clothes and some positions make pain and the discomfort seem less. Perhaps the nerves are most affected and this in turn disturbs the digestion. Nothing will ever completely relieve but a radical cure. The start of so-called "female complaints" may be a very slight thing indeed. It may be that in the beginning some small hygienic measures would stop the trouble. Certainly at this time, a little bit of the right medicine would stop it. When the trouble becomes worse, it is harder to cure, but still it can be cured. Dr. Pierce's Favorite Prescription will positively cure any trouble of this character. It may be absolutely relied upon. It affords lasting relief to a woman whose natural modesty has kept her from consulting a physician.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

Acres of Fire.

KENWEE, Ill., Nov. 13.—Acres and acres of fire is the sight presented in the great fire tract of swamp country in the northeastern part of Henry county. It is one of the most unusual and extraordinary scenes ever witnessed in this part of the state, and hundreds of visitors are coming to watch the slow destruction of the soil, which has been the means of support of a number of small farmers. The whole tract will be lost to agriculture unless the fires are drowned out by rains.

Death of a German Teacher.

NEW YORK, Nov. 13.—John Strubenmiller, one of the oldest and best known German teachers and writers in this city, died at his residence here yesterday. He was born in Germany 83 years ago. His political activity in 1849 brought him in conflict with the authorities, and he emigrated to the United States. He landed at Baltimore, where he became a teacher, and later came to New York. He published several books.
